SIR

Adverting to correspondence ending with your letter No L 803/ Mi 95-35 dated 24-7-1936 enquiring whether the construction of a Vegetable Market in the Chikmagalur town might not be taken up after the Water Supply of the town is placed on a proper footing etc , I have the honour to state that the President of the Municipality - states that, with a view to construct a Vegetable Market, the Municipality invested a sum of Rs 6,016/- about 8 years ago for - acquiring several properties, that no return on the invested sum is being realised since then and none realised till the construction of the shops is completed The site selected for the purpose in the centre of the town and unless the market is constructed would be an eyesore and a nuisance to the public

With a view to reduce the heavy cost that would have to be met if the whole scheme is worked out, the President has suggested an alternative scheme at about half the cost of the original estimate

This revised scheme is for Rs 14,800/- and has been scrutinised by the Sanitary Engineer and the President states that the expenditure could be spread over for three years if necessary and that the revised scheme if worked out would yields an annual revenue of Rs1700/ A sum of Rs 4,000/- has been provided in the current year's budget of the Municipality for this purpose A similar sum provided in the budget of 1935-36 is stated to have been lapsed for want of sanction to the estimate

It is requested that Government may be pleased to sanction the revised proposals to enable the Municipality to take up the -

14

the scheme on hand during the current year.

Copies of letters Nos H C 40/36-37 dated 14-9-1936, 40/36-37 dated 19-11-1936 and H C 40 of 24-12-1936 together with the revised estimate and plan are forwarded herewith for favour of reference

The resolutions dated 30-4-1936 and 22-12-1936 of the Municipal Council in this behalf also accompany

I may add that a Vegetable Market to this growing town is absolutely necessary and would request early sanction to the scheme being given so that it may be taken on hand forthwith
